# Presidential poll on July 18

PRESS TRUST OF INDIA  
New Delhi, 9 June

Election for the next President of India will be held on July 18 in which 4,809 electors comprising members of Parliament and legislative Assemblies (MPs and MLAs) will vote to elect incumbent Ram Nath Kovind's successor, the Election Commission announced on Thursday.

Going by its strength in the Lok Sabha and Rajya Sabha, as well as in many state Assemblies, the Bharatiya Janata Party is in a comfortable position to ensure the victory of the candidate nominated by it in the upcoming election.

The nominations can be filed after the issue of notification on June 15 and can be filed till June 29, Chief Election Commissioner Rajiv Kumar said at a press conference.

Kovind's term ends on July 24 and an election for

## RACE TO THE RAISINA HILL

**July 24:** President Ram Nath Kovind completes his term

**July 18:** Election for the President of India

**June 29:** Last date for filing of nominations

**4,809:** Members of electoral college

**776:** Members from Lok Sabha and Rajya Sabha

**4,033:** Members of legislative Assemblies

**700:** Value of vote of MPs in 2022, down from 708

**July 21:** Results to be announced

the next president has to be held before that day.

Kumar said the Election Commission is fully geared to conduct the election in a free and fair way, while all Covid-related safety protocol would be followed during the voting and counting of votes.

He further said that no political party will be allowed to issue any kind of whip.

Scrutiny of nominations will take place on June 30

and the last date for withdrawal of nominations will be July 2.

If necessary, the voting will take place on July 18 and counting of votes on July 21.

Kumar said the total number of electors for the election will be 4,809 — 776 MPs and 4,033 MLAs. Voting for presidential election will take place in Parliament and the premises of state assemblies, while Rajya Sabha Secretary-

General will be the returning officer.

Normally, MPs cast their vote in Parliament and MLAs in their respective state assemblies. If there is an emergency, the EC would need to be informed 10 days in advance for MPs to vote in a state assembly or for MLAs to vote in Parliament complex, Kumar said.

The president is elected by the members of the electoral college consisting of elected members of both houses of Parliament, and elected members of the legislative assemblies of all states including the National Capital Territory of Delhi and the Union Territory of Puducherry.

The nominated members of either Rajya Sabha and Lok Sabha or legislative assemblies of the states are not eligible to be included in the electoral college and therefore, they are not entitled to participate in the election.

## IEEFA REPORT

# Green investment jumped 125% to \$14.5 billion in FY22

Acquisitions, bond issues make up for 75% of total value

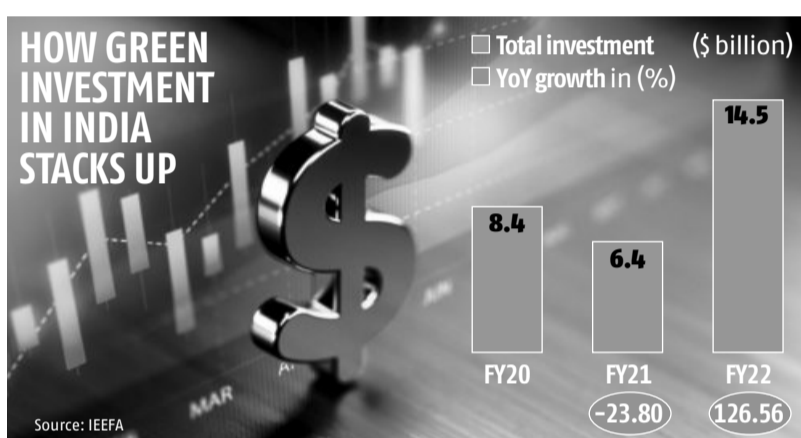

VIVEAT SUSAN PINTO  
Mumbai, 9 June

Investment in the renewable energy sector in India surged more than 125 per cent year-on-year to touch a record \$14.5 billion in the financial year 2021-22 (FY22), a report released on Thursday by the Institute for Energy Economics and Financial Analysis (IEEFA) said.

This brings into sharp focus the bets placed by companies on this segment.

Conglomerates such as Reliance Industries (RIL) and the Adani group have ambitious plans to ramp up their renewable energy capacity. Acquisitions and bond issues by a host of companies, including RIL and Adani, constituted 75 per cent of the total value of investment in FY22, IEEFA said, surpassing FY20 levels. At that time (FY20), the total investment in the sector stood at \$8.4 billion, while FY21 saw a fall in investment activity due to Covid-19, with the total deal value touching \$6.4 billion.

The largest deal in FY22 was SB Energy's exit from the Indian market with a sale of assets worth \$3.5 billion to Adani Green Energy (AGEL), part of the Adani group, in October last year. Around the same time, Reliance New Energy Solar, a subsidiary of RIL, picked

up REC Solar Holdings for \$771 million. Among bond issues, key ones included those of companies such as Vector Green, AGEL, ReNew Power, Indian Railway Finance Corporation and Azure Power, IEEFA said.

"The increase in renewable energy investment comes on the back of the revival in electricity demand from the Covid-19 lull and commitments by corporations and financial institutions to net-zero emissions and to exit fossil fuels," Vibhuti Garg, energy economist, and lead, India, IEEFA, said.

India added 15.5 gigawatts (Gw) of renewable energy capacity in FY22, Garg said, which brought the total installed renewable capacity (excluding large hydro projects) to 110 Gw as of March 2022.

Even with the surge in investment, renewable energy capacity would have to grow at a much faster rate to reach the target of 450-500 Gw, set out by the government, by 2030, IEEFA said.

"The Indian renewable energy sector needs about \$30-40 billion annually to meet the 450-Gw target. This would require a more than doubling of the current level of investment," Garg said.

IEEFA says for a sustainable energy transition, the government would have to roll out 'big bang' policies and reforms to accelerate the deployment of renewable energy.

"This means not only increasing investment in wind and solar power capacity, but also in creating an entire ecosystem around renewable energy," Garg said.

## FROM PAGE 1

## Banks pass...

Any change in the benchmark rate (in the case of most banks, it's the repo rate) is to be passed on to the lending rates for new and existing borrowers on a one-to-one basis. Banks are restricted from adjusting their spreads for the existing borrowers for three years in the

absence of any significant credit event.

Meanwhile, Kotak Mahindra Bank hiked its interest rates on savings accounts and fixed deposits. The private sector lender said daily balances in savings accounts above ₹50 lakh would now earn a 50-bp higher interest rate of 4 per cent per annum compared to 3.5 per cent earlier. Further, interest rates on fixed deposits with tenor of 365-389

days and 390 days have been increased by 10 and 25 bps, respectively. The increase in the savings account interest rate will come into effect on June 13.

Shanti Ekambaram, group president (consumer banking), Kotak Mahindra Bank, said, "We have revised our savings account interest rate upwards to 4 per cent per annum as well as hiked our term deposit rates for various tenors, enabling our customers to enjoy higher interest rates."

positive impact on their margins.

As of December 2021, a little over 39 per cent of bank loans, including 58.2 per cent of home loans, were linked to the external benchmark, shows the RBI data. The share of micro, small and medium enterprises, personal loans, vehicle loans, and education loans linked to the external benchmark was 69.2 per cent, 46.2 per cent, 31.1 per cent, and 23 per cent, respectively, it showed.

## RIL, Apollo...

Their main competitor, a consortium of Britain's billionaire Issa brothers and TDR Capital, has been considering dropping out of the race due to disagreements over price, Bloomberg News reported in late May.

Walgreens has been seeking a valuation of about £7 billion for Boots, people with knowledge of the matter have said. The business runs a network of more than 2,200 stores across the UK, as well as private-label brands like No7 Beauty Co and operations in a smattering of other countries.

Reliance may be looking to tap its expertise in emerging markets to wring further growth out of the British high street staple. Ambani is in the midst of pivoting his traditionally refining-focused conglomerate toward businesses that will better help him tap the country's billion-plus consumers.

A winning bidder could be picked as soon, the people said. Walgreens plans to keep a stake in the business after any deal, according to the people.

Deliberations are ongoing, and there's no certainty they will lead to a transaction.
